

E-Conference and Webinar Report Department of Botany

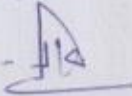

Academic Year 2020-2021

Because of COVID- 19 Pandemic situation the offline teaching was completely stopped. But our department has tried its best to provide online education to our students. Despite of various technical problems in rural areas with our students as well as us, we had provided online education to students through Whatsapp group, zoom app, YouTube links, PDF study material, PPT and self made videos. We had made available 50 videos of our department and shared with our students through Whatsapp and YouTube.

In month of June our Department organize online COVID-19 awareness quiz.

18th February 2021 our departments organize online International E-conference entitled "Recent Approaches in Botany" in this online events near about 200 delegates participated actively.
