ANNEXURE-III

BEST PRACTICES OF INSTITUTION

BEST PRACTICE: I

i) **Title of the Practice: BLOOD DONORS' DIRECTORY**

- ii) **Goal:** Our goal, in this best practice, is to extend a helping hand to community. This social activity of our institution is very much appreciated by the people. We publish the directory of blood donors of our college to help society.
- iii) **The context:** The patients admitted in the hospitals need blood in emergencies. Many times the blood of specific group is not available in the blood bank of hospitals. It may become the moment of 'life and death' for the patient. We decided to enlist the information of our blood donor students so as to provide blood to the patients in emergencies.
- iv) **The Practice:** We determine blood group of students at entry level classes. The names, contact numbers and detailed addresses of the students are enlisted. We publish this information in society in the form of a directory. Thus, we extend a helping hand to the needy people. The Health Care Committee of our college provides the blood group determination service also in the adopted villages during NSS youth camps.
- v) **Evidence of Success:** We notice that every year needy patients contacted us. The list of around **1281** blood donors is available with us. The directory up to **December 2016** is already published. The authority of District Civil Hospital also appreciated us for our valuable contribution.

Academic Year	No. of Blood groups detected	No. of Beneficiaries
2016-17	239	16
2017-18	197	17

- vi) **Problems encountered and Resources Required:** While conducting blood group determination service very few students responded positively. The students realized the significance of this service when the college created sense of social awareness amongst them.

BEST PRACTICE: II

i) **Title of the Practice : BLOOD DONATION CAMPS**

- ii) **Goal:** To contribute in social service by providing blood through blood donation camps.
- iii) **The context:** The Blood Bank of District Civil Hospital, Beed provides blood to the needy patients. Many times there is scarcity of blood of specific group. Blood donation is the best donation. It can save life of a patient.
- iv) **The Practice:** Our institution organizes at least two blood donation camps in an academic year. These camps are organized in collaboration with the Blood Bank of District Civil Hospital, Beed. Every year around 50 students, alumni, staff members, staff family members, citizens donate blood. The donors receive Donor's Card. The camps are organized in October and December of each year.
- v) **Evidence of Success:** All the donors enthusiastically participate in the camps and donate blood. The authority of District Civil Hospital appreciated us for our valuable contribution.

Academic Year	No. of Blood donors	No. of Beneficiaries
2017-18	48	17

- vi) **Problems encountered and Resources Required:** While conducting blood donation camps initially very few students and staff members donated blood. Eventually, the family members of our staff also

started donating blood in the camps. Presently students, alumni, staff, family members of staff, parents and citizens enthusiastically participate in blood donation camps every year.
