REPORT OF CERTIFICATE COURSE IN SERICULTURE

ORGANISED BY

Department of Zoology

Department of Zoology organized the *CERTIFICATE COURSE IN SERICULTURE* during 1st June 2023 to 31 July 2023 The certificate course was inaugurated by principal Prof. Dr. Abasaheb Hange Vasantdada Patil Arts Commerce and science College Patoda.

Course Content

1. Role of Sericulture in developing Economy
2. Plantation of Mulberry
3. Management of Marketing

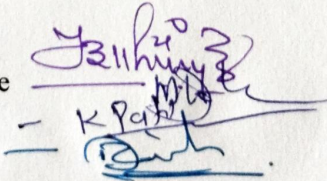

The intake capacity of the course is 15 (Fifteen) Total fifteen were enrolled to the course.

Outcome of the course

In rural areas mulberry plantation helps to increase the economy of family and nation. The cultivation of Mulberry requires very less investment and goives more benefit. The sericulture is a business to start in low land and irrigation, the proper plantation , manuring development of eggs , larva ,pupa and adult worms produce large silk in short period of time. The marketing to nearest district place help toi improve the economy. After completion of theory and practical, written examination was held .The participants receive knowledge Sericulture, mulberry plantation and silk production. They become aware of management and marketing of it
